

# Ujjwal Dwivedi

Pursuing **B. Tech(IT)** (3rd Year) in New Delhi, India |  
(+91) 9818375396 | [dwivediujjwal@gmail.com](mailto:dwivediujjwal@gmail.com)

## EXPERIENCE

### Front-End Web Development Intern, Kaching Media— 2020

May 20 – July 20 | **Working Stack:** HTML, CSS, Bootstrap, JS(ES6), Typescript, Angular  
I worked in the Front-End Team of Kaching Media on their Web Application built in Angular. My responsibilities included implementing designs of the new features received from the designing team. I also built the Image Uploader and Cropper module from scratch and helped in implementing the draggable widgets on the home screen

## PROJECTS

### Intelligent Scanning System (Ministry Of Railways)— 2020

The project undertaken under the approval of Ministry of Railways as a Smart India Hackathon initiative aims to design a Non invasive, quick and cost effective way to check parcels in parcel offices (both booked by railways and leaseholders).

### Supply Chain Management, Stock Chain—2020

Feb 20-Apr 20|**Working Stack:** Python, Ethereum, Solidity, HTML/CSS.

A decentralized AI ecosystem leveraging blockchain technology to allow users to boost transparency, trust and predictability among stores and provide better management for fast moving consumer goods.

### Expression Detection Program— 2019

Oct 19-Dec 19|**Working Stack:** Python, OpenCV, Tensorflow, FER-2013 dataset

This project aims to classify the emotion on a person's face into one of seven categories, using deep convolutional neural networks.

### Neural Responses Program For Alzheimer's Detection

Nov 19-Jan 20|**Working Stack:** Python, OpenCV, Numpy, PyAutoGUI.

Clenching fists actually helps improve memory, it makes you feel better and is also known to boost confidence. This Gesture-Control Assistant for the Google Dinosaur Game comes with a lot of benefits. Based Upon the neural responses I was further able to design a mental health prediction model incorporating Microsoft Azure.

## PROFILES

**CodeChef:**

[//users/ujjwald7\(4\\*\)](https://users.codechef.com/users/ujjwald7(4*))

**Codeforces:**

[//ujjwald7](https://codeforces.com/profile/ujjwald7) (Expert, 1607)

[Interactive Resume](#)

## EDUCATION

Guru Gobind Singh

Indraprastha University

### B.TECH INFORMATION TECHNOLOGY

Expected graduation: **Jun 2022**

Current CGPA: **9.12**

College Rank: **11**

Bhatnagar International School

**PASSED 2018| NEW DELHI, INDIA**

**87.8%** Agg. in 12<sup>th</sup>

**9.2** C.G.P.A in 10<sup>th</sup>

## SKILLS

### PROGRAMMING

C, C++, Data Structures, Algorithms, Competitive Coding.

### DEVELOPMENT

HTML, CSS, Bootstrap, JavaScript(ES6), TypeScript, MEAN (MongoDB, Express, Angular, NodeJS) Stack, SQL.

### TOOLS

Linux (UBUNTU), VSCode, Postman, MongoDB Compass, MySQL Workbench, Git/GitHub.

## CO-CURRICULAR

Competitive Programming Lead :

CodeChef Campus Chapter

Intern : incubateIND

Robogyan NIEC- Executive Member

Competitive Coding Bootcamp: Speaker

TechSoc: Competitive Coding Mentor

## LANGUAGES

Linguistic Proficiency in English and Hindi

## **Construct-O-Bot— 2019-20**

**Aug 19-Feb 20|Atmega 2560,Embedded-C,V-Rep Simulations**

Construction Bot which traverses a path with varying obstacles such as, a zig-zag path and wall-following using SHARP sensors in the absence of no line.Bot's arm consists of a Bi-directional pickup and place mechanism of construction materials.A V-REP Simulation was also carried out before the hardware implementation of the same and the implementation of the A\* path finding algorithm.

## **ESP8266 Forex Tracker— 2018-19**

**Nov 18-Feb 19|Node MCU/ESP8266 + Arduino Kit**

This project demonstrates an advanced implementation using the ESP8266/NodeMCU along with the Arduino Uno.The ESP8266 connects to the internet via WiFi and grabs the EUR/USD Forex Rates every 10 seconds. Based on the movement of this value, it sends a UART message to the Arduino Uno (Rise / Fall / Unchanged) The Arduino Uno receives this UART message and accordingly lights up an indication LED (Green / Red / Yellow)

## **RESPONSIBILITIES**

**Executive Member,Robogyan NIEC, Robotics Society — 2019**

I'm responsible for the organisation of all the events, sessions, bootcamps, talks and contests under Robogyan NIEC. I also encourage student participation in these events.

**Website Development and Maintenance, Robogyan NIEC.**

**Competitive Programming Lead , CODECHEF Campus Chapter**

I'm responsible for conducting sessions and contests for students ranging from basics of data structures to advanced algorithms.

**IncubateIND Fellow, INCUBATEIND**

As an aspiring developer and coder I am responsible for working/interning with senior technology leaders and industry experts as a Fellow for INCUBATE-INDIA.

## **ACHIEVEMENTS**

**Winner :** Smart India

Hackathon(SIH) - 2020

**Winner:**Nature Hack Clean Air

**Finalist :** P&G Global

Innovation Challenge

**Encouragement Award:**

Youth For Clean Air

**Inter-College Coding Contests**

**Winner:** code-a-thon @NCU

**Winner:** Death Star @BVP

**Winner:**CodeRex @NSIT-D

**E-Yantra - Top 15**

(Organized by IIT-B).

## **CERTIFICATIONS**

- Coding Blocks C++ Fundamentals
- Coding Blocks Standard Template Library Master Course
- Coding Blocks Competitive Programming
- Coding Blocks Dynamic Programming

## **OTHER INTERESTS**

Table Tennis,Oration,Music  
(Guitar, Keyboard and other, Percussion Instruments).
